

# Alisher Matkurbanov

Middle Python Developer

**Website:** [github.com/alisher-matkurbanov](https://github.com/alisher-matkurbanov)

**Email:** [alishermatkurbanov0408@gmail.com](mailto:alishermatkurbanov0408@gmail.com)

Python developer with 3 years of experience. Focus on code quality and work automation. Computer science fan.

## EXPERIENCE

### Unitel LLC, Beeline

February, 2019 - Present

#### Middle Python Developer

Design and develop web apps (Telegram bots, administration website)

- Python, Django
- Design and develop REST API with DRF
- Use Docker for developing and deploying applications on Linux server
- Use PostgreSQL as database backend for DjangoORM and SqlalchemyORM
- Use pytest for testing
- Use Trello for project management, Git as a control version system
- Work with customers itself and with project managers

### Alpha Personnel

April, 2017 - February, 2019

#### Python Developer

Design and develop system that allows people to find job and hire specialists.

- Python, Flask, sqlalchemy
- PostgreSQL, SQLite
- AWS infrastructure - EC2, EBS.
- Linux administration

### Tweak

July, 2016 - August, 2017

#### Co-founder, software developer

Co-founded B2B startup. The main goal of the company was to help businesses to automate sales.

As a developer I used to work with frontend (JS, HTML, CSS) and backend (Python) parts there.

### Afisha Media

August, 2014 - March, 2015

#### Video Operator, Video Editor

Filming and editing advertising video clips. Participated in brainstorming, helped to develop ideas.

## EDUCATION

### Moscow State University (Tashkent branch)

2014 to 2018

#### Bachelor's degree

Course work - real time hand-gesture detection software based on neural networks (Python, Java).

Graduate work - Efficient LPDC-code check matrix building (C++, Linear Algebra).
